GOVERNMENT OF BOMBAY,
Health & Local Government Department,
Resolution No.S. 42,
Bombay Castle, 21st July 1948.

On Official reference No.1478, dated the 2nd December 1947 from the Superintendent, Government Printing & Stationery, Bombay:-

" Many departments created during the war to deal with the effects of the war on civil life are still functioning and are likely to continue and to these have been added the Post War Reconstruction Departments and offices. The demands of the presses have increased greatly, practically every item being of an immediate nature. In view of the urgency the requisitions had to be complied with often in anticipation of Government sanction. In most cases post facto sanction has been received, but there may be items still for which no sanction has been received.

Now that the war is over and conditions have stabilised it will be convenient from the press point of view if the Press is authorized to demand Government sanction in the Administrative Department for items received for printing particularly in the case of form work. The Administrative Department is the correct authority to sanction the printing. Usually when a new form is introduced, the question is referred to this office and details are then furnished to Government whether a form is a standard form meant for a particular Department or office. Centralization is already in existence as standard forms are printed in bulk and stocked at the Yeravda Prison Press for supply to offices on indent."

RESOLUTION: Government is pleased to approve the proposal of the Superintendent Government Printing and Stationery, Bombay, that specific sanction of Government in the administrative Departments concerned should be obtained for all items of printing sent to Government presses. Government is also pleased to direct that orders sanctioning printing work should be issued by the Departments concerned in due consultation with Health and Local Government Department.

By order of the Governor of
Bombay,

B.J.Joshi,
Under Secretary to Government.
